

# Magic City

## Gorillaz

I'm on the high ridge looking down  
On how we are evolving in it all  
If I get back then I'll be grateful  
Look there's a billboard on the moon Let me take you this far  
This crossing isn't far for me  
There's lightning in the storm clouds  
And I'll send you there this day You got me lost in Magic City  
You got me questioning it all  
I hope that I make it home by Wednesday  
And this Magic City lets me go  
(Magic City)  
(Magic City)  
(Magic City)  
(Magic City) You put me up there in the penthouse  
And painted me in the whites and blue  
But I filled the canyon with my ego  
Look there's a billboard on the moon  
You got me lost in Magic City  
You got me questioning it all  
I hope that I make it home by Wednesday  
And this Magic City lets me go
