

Neophron Percnopterus

Plague Vendor

Whatcha gonna whatcha gonna do?
Whatcha gonna whatcha gonna say?
Whatcha gonna whatcha gonna do?
Whatcha gonna whatcha gonna say?
Whatcha gonna whatcha gonna do?
Whatcha gonna whatcha gonna say?
Whatcha gonna whatcha gonna do?
Whatcha gonna whatcha gonna say?

Vultures waiting still

A thousand plagues have cursed these hills
In a watch tower collapsed face plated I'm ill
The thousand fret sprayed loaded for decay
On this unholy morning on my death decade

I saw your headless king galloping

A pale stallion changeling

A black sand whale turned this desert into a sea

Three men standing, only one on his knees

Poison this tree with this last symphony
