

# Bad for Good

## Meat Loaf

The sea is whippin' the sky  
The sky is whippin' the sea  
You can hide away forever from the storm  
But you'll never hide away from me The icy cold will cut us like a knife in the dark  
And we may lose everything in the wind  
But the Northern Lights are burnin' and they're giving off sparks  
I want to wrap myself around you like a winter skin You know, I'm onto your scent  
We're near the end of the chase  
Take a look out your window, I'll be there in the night  
Oh, your love is so close that I can almost taste it The cold will cut us like a knife in the dark  
And we may lose everything in the wind  
But the Northern Lights are burning and they're giving off sparks  
I want to wrap myself around you like a winter skin You've been livin' your life like a girl in a cage  
And you whisper when I want you to shout  
And I never know why you wanna go on sleepin'  
When there's nothing left to dream about  
But you better remember If it's somethin' I want then it's somethin' I need  
I wasn't built for comfort, I was built for speed  
If it's somethin' I want then it's somethin' I need  
I wasn't built for comfort, I was built for speed And I know that I'm gonna be like this forever  
I'm never gonna be what I should  
And you think that I'll be bad for just a little while  
And you think that I'll be bad for just a little while  
But I know that I'll be bad for good Your eyes are darker than sin  
And I've been watchin' them glow  
Take a chance on a promise and a roll of the dice  
Put your foot on the gas, let it go, let it go, let it go You've been livin' your life like a girl in a cage  
And you whisper when I want you to shout  
And I never know why you wanna go on sleepin'  
When there's nothing left to dream about  
But you better remember If it's somethin' I want then it's somethin' I need  
I wasn't built for comfort, I was built for speed  
If it's somethin' I want then it's somethin' I need  
I wasn't built for comfort, I was built for speed And I know that I'm gonna be like this forever  
I'm never gonna be what I should  
And you think that I'll be bad for just a little while  
And you think that I'll be bad for just a little while  
But I know that I'll be bad for good I know that I'll be bad for good  
I know that I'll be bad for good

I know that I'll be bad for goodBad for good  
Bad for good  
Bad for goodFor the good of some thrills on a long frigid night  
For the good of the fire in your soul  
For the good of the kiss let me hold you so tight  
For the good of getting out of controlFor the good of the action and a race in the dark  
For the good of those chills up your spine  
For the good of the rock and the roll in your heart  
For the good of what's yours and what's mineFor the good of believing in a life after birth  
For the good of your body so bright  
For the good of the search for some heaven on earth  
For the good of one hell of a night  
For the good of one hell of a nightFor the good of the action and a race in the dark  
For the good of the fire in your soul  
For the good of the hunger that ease in your heart  
For the good of getting out of controlFor the good of believin' in a life after birth  
For the good of your body so bright  
For the good of the search for some heaven on earth  
For the good of one hell of a night  
For the good of one hell of a nightThe sea is whippin' the sky  
The sky is whippin' the sea  
You can hide away forever from the storm  
But you'll never hide away from meThe icy cold will cut us like a knife in the dark  
And we may lose everything in the wind  
But the Northern Lights are burnin' and they're givin' off sparks  
I want to wrap myself around you like a winter skinI know that you can be bad  
At least a little while  
But if you give me a chance, give me one little chance  
And give me all the love that you shouldThen instead of bein' bad for just a little while  
Then instead of bein' bad for just a little while  
Then instead of bein' bad for just a little whileI'm gonna make you bad for good  
I'm gonna make you bad for good  
I'm gonna make you bad for goodI know that you'll be bad for good  
You'll be bad for good
