Crossfire

Jersey

Crossfire into situations, time after time
We'll finish this up tonight
Not somewhere down the lineI've got few good friends by my side
And they're with me till the end of this ride
And are we gonna win this war?
I said we'll never know unless we try this timeTime, I'm not going out like this
Time, I'm not going out like thisCaught in the crossfire
I'm seeing red
I've learned my lessons wellCrossfire into confrontations
Visions seeing red
I've been thinking this over my whole life
And I've never listened to the words that they saidI mean the odds don't mean a thing to me
And if there's heart it looks good from up here
And are we gonna win this war?
I said we'll never know unless we try this timeTime, I'm not going out like this
Time, I'm not going out like thisCaught in the crossfire
I'm seeing red
I've learned my lessons well, tonightAnd it's not your fault
That you don't know us
You took your time
We took our chancesAnd it's not your fault
That you don't know us
You took your time
We took our chances now this timeTime, I'm not going out like this
Time, I'm not going out like this
Time, I'm not going out like this
Time, I'm not going out like this
