## Bamboo

I was on it from the get go  
The way you stood out from the crowd  
Still shining with the lights low  
Even when the sun goes down When you move my eyes are locked  
On you so I'm stuck, I'm hypnotized.  
it's the way you shine Cause it's like the strobe lights not as  
Bright as you are you're the only one  
That I can see from afar and I follow the  
Rays until I get to your heart I just got to  
Know who you are You glow in the dark  
You glow in the dark  
You glow in the dark  
You glow in the dark  
(I can see you)  
Glow in the dark Shocking like electro  
The way you put it down  
I should've came in with my  
Shades on cause I'm blinded  
By you now When you move my eyes are  
Locked on you so I'm stuck, I'm  
Hypnotized It's the way you shine Cause it's like the strobe lights not as  
Bright as you are you're the only one  
I can see from afar and I follow the rays  
Until I get to your heart I just got to know  
Who you are You glow in the dark  
You glow in the dark  
You glow in the dark  
You glow in the dark  
(I can see you)  
Glow in the dark Glow in the dark  
Glow in the dark  
Glow in the dark  
Glow in the dark  
Glow in the dark  
Glow in the dark
