Long time coming seemed to get me through  
Long time coming many served the few  
Long to taste the shame that bows down before you Long time coming seemed to get me by  
Long time coming seemed to satisfy  
You longed to taste the shame that everybody tries Shame, shame throw yourself away  
Give me little bits of more than I can take  
If it sits upon your tongue or naked in your eyes  
Give me little bits of more than I can try  
Sow yourself away, throw yourself away Long time coming seemed to take me through  
Long time coming many served the few  
And long to taste the shame that bows down before you Shame, shame throw yourself away  
Give me little bits of more than I can take  
If it sits upon your tongue or naked in your eyes  
Give me little bits of more than I can try  
Throw yourself away, sow yourself away Sow yourself away, sow yourself away  
Sow yourself away, sow yourself away  
Just throw yourself away, just throw yourself away  
Just throw yourself away Long time coming  
Long time coming
