

# A Truly Happy Ending

## Junior Boys

Left alone, I'll destroy almost everything  
Padded gloves don't provide sensitivity  
Every little moment dealt  
Stops shouting when it crashes down  
Oh, what could be  
Some simple chance for a bit of empathy, yeah  
Never seen a truly happy ending  
Make believe that you know  
All the things that you've been thinking  
Never seen, never been in a truly happy ending  
Gets so close but it always just falls apart  
Now I found things won't work out so well for me  
Good luck lies no longer than a smile  
Any piece of chance I found  
Got swallowed up in years of doubt  
That still hangs off me  
I got it bad so stay back or else you'll catch it

Never seen a truly happy ending  
Make believe that you know  
All the things that you've been thinking  
Never seen, never been in a truly happy ending  
Gets so close but it always just falls apart  
I can't be patient all the time  
Come and put your hopes up next to mine  
Never seen a truly happy ending  
Make believe that you know  
All the things that you've been thinking  
Never seen, never been in a truly happy ending  
Gets so close but it always just falls apart  
Never seen a truly happy ending  
Make believe that you know  
All the things that you've been thinking  
Never seen, never been in a truly happy ending  
Gets so close but it always just falls apart
