

Hear My Heart

Jeff & Sheri Easter

Verse 1:

Sometimes I feel no one's ever been in this place before
This is hard and I'm not sure that I can do this anymore
I know some day I'll look back, and all this won't seem real
But Lord right now I need you to know just how I feel

Chorus:

When there are no words to say and no prayer that I can pray
hear my heart, When I don't have strength to try
and I've cried all I can cry hear my heart
Cause you know every fear and every doubt I cannot speak
You know all the ways I need you and all the ways I'm weak
So I'll be quiet so you can hear my heart.

Verse 2:

Every now and then I recall a simple phrase or melody
It comforts and it quiets, lifts me up and then it carries me
Far above the pain and hurt I think will never end
The song speaks words I cannot and it calms the fears within

Chorus:

When there are no words to say and no prayer that I can pray
hear my heart, When I don't have strength to try
and I've cried all I can cry hear my heart
Cause you know every fear and every doubt I cannot speak
You know all the ways I need you and all the ways I'm weak
So I'll be quiet so you can hear my heart.
Lord I'll be quiet so you can hear my heart
