Disney's Princess Kesha

Kesha

Larala la
Gross
Larala la...

Okay, fuck it
Time to get the day going
dressin' up to the night
Yo, critter crew (Say what)
Make princess Ke$ha look fine...

Add a little pinch from
My fairy tale life
And off we go-oh-oh...

Look in the mirror rub my eyes
And what is this?!
Some genie slut
Smiling back
Suck it bitch!

You mister raccoon pass the jack,
I need a
Trim it
Prim it
Dress it
Mess it
Yeah
Now that's my shit...

I'm gettin ready so ni-i-ice
(Holla)
It's kinda cool I got a Robot voice
(Check this shit out)
No mirror bitch lady can deny-y...

I'm gettin customized, customized
customized, right...

Karate yo...

I'm gettin' ready so damm up
Even with this wedgy up my butt
Thanks for Mr crow you sneeky little fuck...

I'm gettin customized, customized
customized, right...

Pleeeeeeeeeeease bitch
A touch of glitter on my cheek
Now the look is complete...
