

Puppeteer

Pharaoh

(Blas)

We've got a problem and there's nothing I can do
Cause we have gone from being us to being you(Ã•lvaro)

You keep fighting fighting fighting

Crying crying crying

Trying trying trying to change who I am(Dani)

It's not about winning winning winning

Stop pushing pushing pushing

It's freaking me out to see who you are(Auryn)

Pup pup pup puppeteer let go off the strings now

You're tying us down down down

We ain't go go going nowhere

Whatever it is we've got it's not worth dying for(Ã•lvaro)

You wanted it all but, you asked for more than I could give You broke down my walls and tried to rebuild me so
i'd fit(David)

You keep fighting fighting fighting

Crying crying crying

Trying trying trying to change who I am(Blas)

It's not about winning winning winning

Stop pushing pushing pushingIt's freaking me out to see who you are(Auryn)

Pup pup pup puppeteer let go off the strings now

They're tying us down down down

We ain't go go going nowhere

Whatever it is we've got it's not whorth dying forPup pup pup puppeteer let go off the strings now

They're tying us down down down

We ain't go go going nowhere

Whatever it is we've got it's not whorth dying for(Carlos)

We've got a problem and there's nothing you can do

You tied your hands up with all the strings you try to pull(Auryn)

Pup pup pup puppeteer let go off the strings now

They're tying us down down down

We ain't go go going nowhere

Whatever it is we've got it's not whorth dying for(David)

Fighting fighting fighting

Crying crying crying

Trying trying trying

To change who I am(Blas)

It's not about winning winning winning

Stop pushing pushing pushing

It's freaking me out to see who you are
