

# My House

## PVRIS

I feel you in these walls  
You're a cold air creeping in  
Chill me to my bones and skin  
I heard you down the hall  
But it's vacant when I'm looking in  
Who let you in?  
You walk around like you own the place  
But you never say anything  
I caught you walking straight through my walls  
Guess it was all my fault  
I think I let you inNever thought that I would feel like this  
Such a mess when I'm in your presence  
I've had enough, I think you've been making me sick  
Gotta get you out of my system  
It's my house  
And I think it's time to get out  
It's my soul  
It isn't yours anymore  
It's my house  
And I think it's time to get out  
Yeah, I think it's time to get outYou're at my bedroom door  
Heard your footsteps on the floor  
Closer than ever before  
And now you're in my room  
You're a cold air creeping through  
Under sheets avoiding you  
You walk around I can hear you pace  
Circling my bed frame  
Now we're face to face  
Head on my pillowcase  
But darling, you can't stayNever thought that I would feel like this  
Such a mess when I'm in your presence  
I've had enough, I think you've been making me sick  
Gotta get you out of my system  
It's my house  
And I think it's time to get out  
It's my soul  
It isn't yours anymore  
It's my house

And I think it's time to get out  
Yeah, I think it's time to get outHaven't you heard?  
I'm not yours anymore  
I'm not yours anymore  
It's my soul, and I think it's time to get out  
Haven't you heard?  
I'm not yours anymore  
I'm not yours anymoreIt's my house(I feel you in these walls  
You're a cold air creeping in  
Chill me to my bones and skin)Never thought that I would feel like this  
Such a mess when I'm in your presence  
I've had enough, I think you've been making me sick  
It's my house  
And I think it's time to get out  
It's my soul  
It isn't yours anymore  
It's my house  
And I think it's time to get out  
Yeah, I think it's time to get out
