

# The One

## Lucky Dube

In my whole life,  
My whole life  
I've got a dream [Repeat: x 2] Too many people  
Hate apartheid  
Why do you like it? [Repeat; x 3][Chorus: x 3]  
Hey you rasta man  
Hey European, Indian man  
We've got to come together as one  
Not forgetting the Japanese The cats and the dogs  
Have forgiven each other  
What is wrong with us [Repeat: x 2] All those years  
Fighting each other  
But no solution [Repeat: x 2][Chorus: x 2]
