Leaving the Planet

Sarah Jaffe

All the chemicals in your brain
All the feelings that you felt that day
All combine and culminate
You take a tripAll the chemicals in your brain
All the feelings that you felt that day
All combine and culminate
You take a tripAre you leaving the planet?
Are you leaving the planet?
Are you leaving the planet?
Are you leaving the planet?
Are you leaving the planet? (I'm following you)
