Denial Of Existence

Brutal Truth

Spreading across our land
Infecting breeding grounds
Never to leave our hated soilDying, hope is gone
Right wing oppression
Sentence us far beyondSubmit, your fooled existence must now cease
Torment, ignorant fools deny its presence
Eternal, condemned to back pages of mankind
Nevermore, no one cares who lives or diesDenial of existence
Denial of existence
Denial of existence
ExistenceSubmit, your fooled existence must now cease
Torment, ignorant fools deny its presence
Eternal, condemned to back pages of mankind
Nevermore, no one cares who lives or diesDenial of existence
Denial of existence
Denial of existence
ManDenial of this truth
[Incomprehensible]
[Incomprehensible]
Fear is but a fake illusionSubmit, your fooled existence must now cease
Torment, ignorant fools deny its presence
Eternal, condemned to back pages of mankind
Nevermore, no one cares who lives or diesDenial of existence
Denial of existence
Denial of existence
Man
