Nothing Can Hurt You

Finestreet

There's a time in the morning when I feel a cold chill
And I try and forget what I know
It amazes me darling how your words haunt me still
Though they're spoken so long ago

'Cause nothing can hurt you
Nothing can hurt you
No one can hurt you
Like someone you love

Well I finally got over the words that you said
That were spoken in anger to me
Well the words lose their power but they're never quite dead
You'll forget them but you can't forget me

'Cause nothing can hurt you
Nothing can hurt you
No one can hurt you
Like someone you love

Why do we do it what can we gain
By hurting each other so bad
Every time we go through it it turns out the same
Left over from a love that don't last
There's a time in the morning when I roll back to sleep
'Cause I don't want to remember our past
It amazes me darling how the heartaches we keep
Left over from a love that don't last

'Cause nothing can hurt you
Nothing can hurt you
No one can hurt you
Like someone you love

Nothing can hurt you
Nothing can hurt you
No one can hurt you
Like someone someone you love
