

Dead or Alive, You're Coming with Me!

Set To Stun

I am evil incarnate.
Ive come for slaughter.
Ive come to claim the heads of all your sons and daughtersIve prayed for the chance circumstance of today
When a hero must learn his place
Separate the skin from bone and throw your body to the fucking dogs ha!All that we are, requires sacrifice
And all weve become, pretentious parasites
The whores and the liars will burn in the fires
While Lions devour
Both Martyrs and cowards
Cause all in all were all just dead meatBring me the desperado!
And put his head on a silver plate!Tentative and barely breathing crawling on the floor
Reaching out for hope in that your reaching for the door
I cannot help but simply laugh as I just simply break your back
Throw your body on the table and begin to slowly hack away your lifeHello kids this is Bodily Dismemberment
101 with Set To Stun.
And now that weve successfully cracked through the sternum,
were going to pull out his heart, rip out his gizzards,
scissor his livers, tear out his lungs, now arent we havin fun?I think Ive lost my fucking mind!Mirror before me
no please dont ignore me its easy to see
Through all your lies
A lifetime of hatred a heart thats mistaken itself for eyesAnd if the devil wants me, well he knows where to find
me
Theyll take my body but my heart belongs to my loveWhen the devil comes for me I believe that everything
thats come to be
will simply send me STRAIGHT BACK TO HELL
But I wont stop til nothings left with no remorse and no regret
with no respect for life or death I just dont give a fuck!(MURDERER)
WIGGLE LIKE A WORM ON A HOOK!Baby do you remember? We used to sing together! Singing like SHA
LA LA LA!Sha la la la la dont be shy you know
that you going to die nobody will miss you girl (NO NO!)
Nothing left to do but say goodbye
so baby close your eyes and let me kiss you girl!Mother do you remember what you told me when we were
young?
You told me One day son I hope the wrong Ive done
will play no hindrance in the making of the man that youd become
Now Im standing as a culprit to the fact
Bludgeoned and beaten with a baseball bat
Bludgeoned and beaten broken defeated but mother do I make you proud of me?Destiny, guide me through fear
and through death!Will they remember (remember remember!)

All the wrong Ive done? (What Ive done)
My darling Amanda (in a world gone wrong)
You had me at hello

When all is said and done, and when Im dead and gone Who we are is solely based on what weve done

For every time you stood your ground when it was easier to run

Believe me I know what its like

To be the only one fighting for what is right

Now when hes on his knees and covered in blood

When hes outnumbered ten to one

This is where we fight back

This is where we all stand strong

When you set Jack loose upon the world you know you crossed the line

Ive second-guessed myself for the last time

Once and for all Im taking back whats mine

And I cant fucking take this anymore

I cant fucking take it any longer

William when Im dead and gone promise me that youll carry on **THIS IS WHERE WE FIGHT BACK**

THE IS WHERE WE ALL STAND STRONG

THIS IS WHERE WE FIGHT BACK

THIS IS WHERE WE ALL BELONG

And if God cant stop me, then no one will

Because its a dog-eat-dog world and Ive got bigger teeth than you do When all is said and done, and when Im

dead and gone

All a man can take with him to his grave

Is an empty box of bones, headstone and his name

And Ill be damned to carry this shame

Ive given up on you.
