

And

King Missile

And then, and then
And so, and life
And see, and look
I mean like me and feelAnd fly, and go
I mean like you and where
And who and how
And there and why
And so what[Incomprehensible]
What?And now, and no
And yeah, and uhh
And so I mean like you
And stop, and stayAnd down, and low
I mean like come and then
Labadabadabada
