Away

Buck-O-Nine

working all the time
and trying to stay in line
but im losin my mind
yeah im losin my mind
i got myself a job
it pays minimum wage
ive got bills to pay
ive got bills to pay
but all i really want to do
is sit back and drink a few
and listen to my favorite songs OK
but this problem seems to neve go away
what do i gotta do
to get myself some food
and i got to pay the rent
yeah i got to pay the rent
im spendin all my money
but i dont know where it goes
and now i need some new shoes
i need some new clothes
but all i really want to do
is sit back and drink a few
and listen to my favorite songs OK
but this problem seems to never go away
all i know is when the weekend comes
that nothing matters then
i just sit back and watch TV
until the day wears thin [x2]
