

Sponge

Ultraspank

You fell on me for the last time
Ugly of the worst kind
Imposing like a dark cloud
Reaching out wrong Push away, holding me
Crushing me, push away
Holding me, crushing me, hungry, dig in Hungry, please, push away, holding me
Crushing me, push away
Holding me, crushing me I can bet that you pucker up
I can bet that you lie down
I can bet that you get yours
I can bet that you get yours
Because that's your life Wanting, needing, taking, stealing
Imposing like a dark cloud
Reaching out wrong, push back
Pull the wool over your eyes I can bet that you pucker up
I can bet that you lie down
I can bet that you get yours
I can bet that you get yours
Because that's your life
