

# I Heart You

## Dirty Epics

The very first time  
That I seen your face  
I always knew  
That we would be friends  
But then suddenly  
These feelings I never felt  
Started to kick in  
And now it's really got me questioning  
What I'ma say or do  
How will I know if it's true  
All I know is  
I heart you  
I heart you baby  
It might sound crazy  
But that's okay  
I don't mind feeling this way  
Your all I need  
No need to change  
When your with me  
Hope that you feel the same  
You make me wanna cross a light  
And make you mine  
Everytime you look me in the eyes  
I'm really trying to hide  
What I feel inside  
Don't you know you give me butterflies  
And now it's really got me question  
What I'ma say or do  
How will I know if it's true  
All I know is  
I heart you  
I heart you baby  
It might sound crazy  
But that's okay  
I don't mind feeling this way  
Your all I need  
No need to change  
When your with me  
Hope that you feel the same

I wanna send you letters in the mail  
I want you to be my valentine  
You give flowers  
You give candy  
And we can be friends for all time  
I wanna be your best friend  
I wanna be your homie  
I wanna be there so you'll never feel lonely  
Keep you on the first string  
I'll even wear your jersey  
Call me your number one fan

And then seeing you without someone else  
Made me realize  
Just how much I heart you  
And want you and my side  
Too young for love  
Too young for love  
Too young for love  
That's why I heart you  
Too young for love  
Too young for love  
Too young for love  
That's why I heart you  
Too young for love  
Too young for love  
Too young for love  
That's why I heart you  
Too young for love  
Too young for love  
Too young for love  
I will always heart you  
I heart you baby  
It might sound crazy  
But that's okay  
I don't mind feeling this way  
Your all I need  
No need to change  
When your with me  
Hope that you feel the same  
I heart you baby  
It might sound crazy  
That's why I heart you  
But that's okay  
I don't mind feeling this way

(That's why I heart you)  
Your all I need  
No need to change  
(That's why I heart you)  
When your with me  
Hope that you feel the same  
(I will always heart you)  
I heart you baby  
It might sound crazy  
(I will always heart you)  
But that's okay  
I don't mind feeling this way  
(I will always heart you)  
Your all I need  
No need to change  
When your with me  
Hope that you feel the same
