

Left For Dead

Bass Drum of Death

Bad mix and I have to make a cutout
Did girls never liked it get the blur out
Straight pins can't assist the shit, burn out
Moved up, but I ended up kicked out
And I'm gone, left for dead
Spend my time away
Left for dead
When I'm coming down
Clock ticks and I'm sitting here waiting
Got a miss but I'm never gonna turn her around
My heart says that it's time to get jaded
The sound of mine's got a luck
Should be a deadeye down
And I'm gone, left for dead
Spend my time away
Left for dead
When I'm coming down
And I'm gone, left for dead
Spend my time away
Left for dead
When I'm coming down
