

# Going Inside

**John Frusciante**

You don't throw your life away  
Going inside  
You get to know who's watching you  
And who besides you resides In your body where you're slow  
Where you go doesn't matter  
'Cause there will come a time  
When time goes out the window And you'll learn to drive out of focus, I'm you  
And if anything unfolds it's supposed to, ooh You don't throw your time away sitting still  
I'm in a chain of memories, it's my will  
And I had to consult some figures of the past  
And I know someone after me will go right back
