

Shine

Shaman's Harvest

Maybe the sky's falling out around the babies
Maybe the world is going to spin out of control
 I don't care anymore
 What if I quit today working for the man
 Who said I have another, well, maybe I can
 its all gonna end anyway
Tell me doctor, whats the cure, for the wicked mans blue's

Fly Dragonfly
Fly Dragonfly
Fly Dragonfly
Fly Dragonfly

When the skies, fall to the seas
 I won't mind
 The cause is me
When the wind, blows through the trees
 I won't mind
 The dragonfly

Fly Dragonfly
Fly Dragonfly

When I come
Give me a beat
and take my advice
 Just let me be

When the moon, turns black as night
 When it erupts
 Oh, dragonfly

Insert guitar solo

Don't takes so long
I'll be here before you know
See you in my mind's eye
 Fly, fly dragonfly

Fly Dragonfly

Fly Dragonfly

Fly Dragonfly

If you guys have any corrections on them, feel free to tell me
