Way To You[Verse 1]Tell me do you hear me when I scream, your name
And tell me are you listening to me, when I say
That it's alright, OK
We'll make it through another day[Chorus]Why does it hurt when your heart breaks?
How does it feel when you come back down?
I'm running around in circles
Trying to find my way
Find my way to you[Verse 2]I know that life never takes you where you want, to go
And sometimes its not easy and it shows, I know
But it's alright, OK
We'll make it through another day[Chorus]Why does it hurt when your heart breaks?
How does it feel when you come back down?
I'm running around in circles
Trying to find my way to youI'll bury myself from the inside (Bury myself from the inside)
Hoping to be where you are tonight
I'm running around in circles
Trying to find my way
Find my way to you[Bridge]It's alright, OK
We'll make it through another dayx 2Yeah![Chorus]Why does it hurt when your heart breaks?
