

# One Dance

## Little Big Town

Just give me one dance tonight  
I'll be your romance for life  
Uuuh uuuh, uuuh uuuh  
Uuuh, oh oh  
I see your game from a mile away  
You think you're gonna win me over  
I hear you got a reputation,  
But that won't get you any closer!  
Calling darling, calling new weeze  
Think that you can have whoever you please  
And then you want a kind of me  
I, I, I heard that you were calling darling, calling new weeze  
Think that you can have whoever you please  
And then you want a kind of me  
Talking 'bout  
Just give me one dance tonight  
I'll be your romance for life  
Uuuh uuuh, uuuh uuuh  
Uuuh, oh oh  
Just give me one dance tonight  
I'll be your romance for life  
Uuuh uuuh, uuuh uuuh  
Uuuh, oh oh I ain't no game that you wanna play  
I see your moves getting bolder  
You say it's not infatuation  
So let's quit talking, let's start holla  
Calling darling, calling new weeze  
Think that you can have whoever you please  
And then you want a kind of me  
I, I, I heard that you were calling darling, calling new weeze  
Think that you can have whoever you please  
And then you want a kind of me  
Talking 'bout  
Just give me one dance tonight  
I'll be your romance for life  
Uuuh uuuh, uuuh uuuh  
Uuuh, oh oh It's so ironic that we just met here  
Just think about it  
We'll be the couple of the year

Something in your eyes in telling me  
It's clear  
(Everybody get up) Get up!  
Come get a little closer, babe Calling darling, calling new weez  
Think that you can have whoever you please  
And then you want a kind of me  
I, I, I heard that you were calling darling, calling new weez  
Think that you can have whoever you please  
And then you want a kind of me  
Talking 'bout
