

This Love, This Heart

[Phil Collins](#)

This love, this heart, these arms to hold, so tight to you, I won't let go
Can this be real, or just some dream that feels so true
I wish you love, I wish you more, you are all that I live for
I'll never hurt you believe me my heart beats just for you
It only beats for you
I'll keep the fire alight for you
Can't think of nothing else, what can I do
This lonely heart of mine, it only beats for you
It only beats for you
You bring me peace, you make me smile
You give me strength and all the while
You ask for nothing, only love and my heart beats just for you
It only beats for you
I'd say all these things to you, if you were here
But that's not gonna be
'Cause you 're not here at all there's only me
But I won't stop trying, no no
I won't give up, I'll wait for you
'Til you come back, it's all I can do
I'll be right here, I'm going nowhere without you
Give me the chance, just make the call
Just say the words, I'm waiting for
Just let this heart of mine show you
It only beats for you, yes it only beats for you
Only beats for you
This love, this heart
These arms, they're only for you
This love, this heart
These arms, they're only for you
They're only for you
