

# Famous to Me

## Her Space Holiday

My stomach hurts I can't sleep  
What the hell's inside of me  
Makes me feel this way  
Almost every day  
Was it something I did as a hurtful kid?  
My payback from way back?  
It's the way that it goes It's such a trip that I can hide how close I am to suicide  
Get those records, that's what it's all about  
There is nothing more that I can say  
I'll save my life for a rainy day  
I light a cigarette for all the regret You're famous to me  
You help me breathe  
You're famous to me  
You're all that I need
