

# This Is The Truth

## Lazyboy

One life, one shard, one move, one god  
This is the truth, yeah  
Word up for the lazy boy, word up for the lazy boy  
Is this the truth  
You don't win silver, you lose gold  
Stop earning the right to be, you won the day you were born  
If you don't know what direction you should take  
You don't know where you are  
Success is a matter of luck, ask any failure  
Never let a fool kiss you, or a kiss fool you  
We are born naked, wet, and hungry, then things get worse  
Your success is measured by your ability to finish things  
Skepticism is the beginning of faith  
Forgive your enemies but never forget their names  
There is no such thing as right or wrong, only consequences  
One life, one shard, one move, one god  
This is the truth, yeah  
Word up for the lazy boy, word up for the lazy boy  
Is this the truth, yeah  
All men are born equal but quite a few of them eventually get over it  
We are the people our parents warned us about  
Somtimes I think the surest sign of intelligent life exists  
Elsewhere in the universe, is that none of them have tried to contact us  
Be nice to nerds, chances are you'll end up working for one  
Do not get mad with others because  
They know more than you, it is not their fault  
If you do not change your beliefs, your life will always be like this  
Fantasy is as important as wisdom  
Do not try to satisfy everyone  
The biggest lie you can tell yourself is  
"When I get what I want I will be happy"  
One life, one shard, one move, one god  
This is the truth, yeah  
Word up for the lazy boy, word up for the lazy boy  
Is this the truth, yeah  
Don't take life too seriously you won't get out alive  
It may be that your sole purpose in life is  
Simply to serve as a warning to others  
Life is shorter than expected

What you are willing to accept  
Is exactly what you will get  
You can't control, without being controlled  
Creativity is great but plagiarism is faster  
You are the very reason for everything that happens to you  
Someone said to Voltaire, "Life is hard"  
Voltaire replied, "Compared to what?"  
One life, one shard, one move, one god  
This the truth, yeah  
Word up for the lazy boy, word up for the lazy boy  
Is this the truth, yeah  
One life, one god  
Word up for the lazy boy, yeah  
This is the truth
