

She Won't Talk to Me

Luther Vandross

I was hanging with some friends of mine
We were all having a real good time, yeah
I saw a girl who was so very fine
I started waving my hands, my arms, my head
Got the nerve, found the words to say
But to my surprise she was passing
I mean it was strange 'cause she just walked away
She won't talk to me, she won't talk to me
Now you're nervous with the fever
Body, beat and never quit
I'm in heaven when I see her
Hope she talk
A little bit
(Whatch a gonna do?)
You can't sit down like no one, all by yourself
(I just wanna talk to you)
And nobody else, yeah
I just wanna tell her she's the girl of my fantasy
How we meet in my dreams, every night it seems
And how love can be, I wanna love you
It's not everyday we see the one there
That your heart's been likely dreaming of
There's that look in her eyes, so I don't know why
She won't talk to me, she won't talk to me
She pretends she doesn't see me
Leaves me standing in the rain
'Cause I know she wants to meet me
She's just playing silly games
I said girl
(Whatcha gonna do?)
Wanna show you a love that you just gotta see
(I just wanna talk to you)
But she won't talk to me
And ooh, I'm telling everyone
I'm not dreaming anymore
'Cause I know she won't talk to me now
And in least she can't say no
And I'm going crazy
Trying to make her notice me
I go up, I get down, I turn all around
She won't talk to me, she won't talk to me
I said
(Hey, there baby)
(Hey, there girl)
I said
(Hey, there baby)
But she won't talk to me, talk to me
I said
(Hey, there baby)
I said

(Hey, there girl)
(Hey, there baby)
But she won't talk to me, she won't talk to me(Hey, there baby)
(Hey, there girl)
(Hey, there baby)
But she won't talk to me, she won't talk to meAnd ever child
(Hey, there baby)
And never say
(Hey, there girl)
And I say, hey there
(Hey, there baby)
She won't talk to me, she won't talk to me(Hey, there baby)
I said
(Hey, there baby)
