

Specialty

Head East

I know somebody you know
Someone who knows how to please
Thinkin' maybe you got her
You think you're all she needs But I don't wanna disappoint you
But there's something that you don't know
That girl's gonna leave you screamin'
Someplace where you don't wanna go Makin' you feel like nothing
Bringin' you to your knees
Leavin' you out in the cold
Is her specialty The lady's got an obsession
You're like all the rest
Just like all the others
She's callin' you the best But I don't wanna disappoint you
But you ain't the first or last
And sooner than you think my friend
You're another man in her past Makin' you feel like nothing
Bringin' you to your knees
Leavin' you out in the cold
Is her specialty Makin' you feel like nothing
Bringin' you to your knees
Leavin' you out in the cold
Is her specialty Leavin' you out in the cold
Is her specialty Oh, it's her specialty
Yeah, her specialty
Her specialty
Oh, yeah
