

Starstruck

Robbie Williams

You laugh at us we're different
And we laugh 'cause
You're all the same
By the look on your face baby
We've been enjoying ourselves again.I know that you cry
I know why you try so hard.Ready steady go,
Everybody famous
Everyone you know,
Why'd it take you ages.I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.I guess the odds are very good
But the goods are very odd
And even though I talk with the Devil
I only made the deal with God.I am alarmist
Knock one off the wrist, so hard.Ready steady go,
Everybody famous
Everyone you know,
Why'd it take you ages.I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.You want me to stop,
But you can't, can you?
I was lovely on the way up,
On the way up.Ready steady go,
Everybody famous
Everyone you know,
Why'd it take you ages.I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.Ready steady go...I don't have to listen
Read love like you
I've got no problem with

The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck. Ready steady go.
