You and I

Switch

You know, I was listening to the radio the other day
And I heard the words that you said that I'm your night time lover
And here's something I wrote especially for you and meYou and I, you and I, you and I
You and I, you and I, you and I together forever
Will we stay, will we stay, will we stay in love this way?
Will we stay in love this way together forever, you and I?
You and I, you and I, you and I, you and IFirst time we looked into each other eyes
We knew that we were meant to be together
But we shouldn't worry about tomorrow, hey
Being apart could bring our hearts together
Forever you and I, you and I, you and I, you and I
I hate it when we miss each other
I thought that being apart would bring our hearts together
But when we finally see each other
We're going to make this moment last forever
And ever, you and I.
You and I, you and I, you and I
You and me, you and I, you and I together forever
Will we stay, will we stay, will we stay in love this way?
Will we stay in love this way together forever, you and I?
You and I, you and I, you and I, you and I(Ad lib to end)
