## Dean Blunt

You're not a rerun  
Not just another one  
You're a new friend  
You just began Who's up tonight?  
Who's girl gonna get picked up tonight?  
Who's over now? Look at me  
Look at me  
Bad man wanna be me Look at me  
Look at me  
Bad man wanna be me FUCK  
Who's hot tonight?  
Who's girl gonna get picked up tonight? FUCK  
It's just another one  
Pull it back for another one  
Then I'm gone
