

Nothing's Wrong

DevilDriver

There's nothing wrong
With what you do and what you say
There's nothing wrong
Pure will will get you through Why can't you see you're in my way?
Your ways are killing you Do what thou wilt
Shall be the whole of the law
Do what thou wilt All they understand is the claw
Why can't you see you're in my way?
Your ways are killing you
Your ways are killing me
Killing me
Killing you So go fuck yourself anyway
Keep this hunger There's nothing wrong
With how I live my life today
There's nothing wrong
So go fuck yourself anyway Why can't you see you're in my way?
