

Ready or Not

Europe

Ready or not
Ready or not, but I waste no time
I'm headin' out with some friends of mine
Holdin' on to what we've got
Oh even if we're ready or not Ready or not, but they're back in town
The word is out that this time around
They'll be lettin' go with all they've got
Oh even if we're ready or not Rock me 'til I hit that floor
Rock me 'til I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more, yeah
Ready or not Ready or not but for all I know
We'll be hangin' on 'til it's time to go
We're always there with all we've got
Oh even if we're ready or not Ready or not, but I waste no time
I'm headin' out with some friends of mine
Holdin' on to what we've got
Oh even if we're ready or not Rock me 'til I hit that floor
Rock me 'til I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more
Ready or not, yeah Rock me 'til I hit that floor, ah yeah
Rock me 'til I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more, yeah Rock me 'til I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more
Ready or not
