

Mean, Mean Man

Wanda Jackson

I love a mean, mean man
Who lives uptown
When I want him most
He's not around He's a mean, mean man
Woo, Lordy, he's a mean, mean man
He's a mean, mean man
But I love him all I can Now he can call at six
He wants a date at eight
He's never on time
He's always late He's a mean, mean man
Woo, well, well, he's a mean, mean man
He's a mean, mean man
But I love him all I can
Now we can go to a dance
He holds me tight
But then he don't even
Kiss me goodnight He's a mean, mean man
Whoo, Lordy, he's a mean, mean man
He's a mean, mean man
But I love him all I can Ah, ha, I know I'm a fool
To love that man
But I'm a-gonna love him
As long as I can He's a mean, mean man
Woo, well, well, he's a mean, mean man
He's a mean, mean man
But I love him all I can
He's a mean, mean man
But I love him all I can
He's a mean, mean man
But I love him all I can
