

# Not Even Stevie Nicks

## Calexico

With a head like a vulture  
And heart full of hornets  
He drives off the cliff  
Into the blue, into the blueNot even the priestess  
With her wrenches and secret powers  
Could save him from danger  
For a little while, for a little whileNot even she could save him  
Not even she could save himWith a head like a vulture  
And heart full of hornets  
He drives off the cliff  
Into the blue, into the blue
