

# God Is In the People

[Melissa Etheridge](#)

We keep thinking life is what it's not  
We keep building this impossible facade  
Why do we keep trying to turn people into gods? When God is in the people  
God is in the people, oh yeah  
God is in the people, oh  
God is in the people, oh God is in the people, hey, hey  
Yeah, yeah, yeah, yeah, yeah, oh  
God is in the people
