I'm Yours You're Mine

Morphine

On my fingertips, on the tip of my tongue
I register your every touch
I hear your smell and I hear your smile
Fast as light two hundred milesAnd all across that line
Stretched between your bed and mine
All alone just for tonight
I'm yours and you're mineI got birds that shiver in a forest so thick
I got hands full of magic tricks
And I'll part those branches with my hands
Clear the land mines from your pathAnd all across that line
Stretched between your bed and mine
All alone just for tonight
I'm yours and you're mineAnd all across that line
Stretched between your bed and mine
All alone just for tonight
I'm yours and you're mineOn my fingertips, on the tip of my tongue
I register your every touch
I'll row the boat across the lake
We got smoke, we got perfume in our wakeAnd all across that line
Stretched between your bed and mine
All alone just for tonight
I'm yours and you're mine
