

# Love Brought Weight

## Old Sea Brigade

What is love  
Did I miss it  
Am I homeOr still adriftLove brought weight to this heart of mine  
Gone to waste in due timeKeep on moving  
If you still can  
A simple home  
A love in handLove brought weight to this heart of mine  
Gone to waste in due time  
Love brought weight to this heart of mine  
You're away, but I'll be fineI'll be fine  
Out grow our time  
Down the line  
You'll seeLove brought weight to this heart of mine  
Gone to waste in due time  
Love brought weight to this heart of mine  
You're away, but I'll be fine
