

Write to Me

The Coronas

I don't care if they see
Your affection won't get wasted on me
I know it sounds crazy but I was never that sane was I?
So if you wouldn't mind
If you wouldn't mind Please write to me, please write to me, though I already know
Please message me, please message me 'cause I need to be told I freak out 'bout your past loves
Beat myself up 'cause they met you first
Yeah I'm a weirdo but at least I'm your weirdo
So if you wouldn't mind
Just say that you'll stay and you'll always remember
How it was last December
And know that I've known since the moment I left her
I will not rest 'till I hear back from her Please write to me, please write to me, though I already know
Please message me, please message me 'cause I need to be told
Just say to me that you love me, though I already know
please write to me, please write to me, 'cause I need to be told Just say that you'll stay and you'll always
remember
How it was last December
And know that I've known since the moment I left her
I will not rest 'till I hear back from her
Please write to me, please write to me, though I already know
Please message me, please message me 'cause I need to be told
Just say to me that you love me, though I already know
please write to me, please write to me, 'cause I need to be told
I need to be told
