So Magical

Atc

Feel my love, feel my soul
It's so magical
Take my hand, make me whole
It's so magical
Can't get you off my mind
What we had is hard to find
I feel this pain inside
But I know
Your love, your love
It can set me free, make me see
It's so magical, you and me
We are one, the moon and sun
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
Life is good, life is fun
It's so magical
Love is here, we are one
It's so magical
Can't get you off my mind
What we had is hard to find
I feel this pain inside
But I know
Your love, your love
It can set me free, make me see

It's so magical, you and me
We are one, the moon and sun
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
So take my heart
'Cos baby, you're the one
It feels like magic
But we stop the feeling

Let me back inside your heart
Your love can set me free
Your love, your love
It can set me free, make me see
It's so magical, you and me
We are one, the moon and sun
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
La di da, la di di
It's so magical, you'll see
La di da, la di di
La di da, la di di
It's so magical
