Rising Tide

Jape Squad

Rising tide, we connect
To the rising high, no comment
All those lonely nights, all undressed
To the rising tide, we connect
We connect, we connect
We connect, we connect
We're not here, in this room
We still can be there soon
All those empty nights , left alone
To the rising tide no one knows
We connect, we connect
We connect, we connect
Rising tide, rising tide
Rising tide, rising tide
We connect, we connect
We connect, we connect
