The Acacia Strain

Advisory - the following lyrics contain explicit language:

If I ever had anything close to a mind of my own, I'd want to cut myself a new mouth and bleed you a smile ear to ear. Welcome to the real world. Beta version 1.5 Deprogram programmable programming programs, deprogram programmable programing programs. Raised on antiques passed for reality. Spatial incarnate dredged from the ocean - painted with blood never to see daylight again. Our fate is something lesser than life. I saw it in the eyes of the ocean, "we've always been here and we'll never leave." Deprogram programmable programming programs.
