

My Dear

Matty Mullins

I created you piece by piece
Made you in my own image perfectly
I see your face and don't regret a thing, so why would you?
There's not a thing about you I don't adore
So I paid the price that you could never afford
All I ask is that you trust me now and watch my plan unfold
There is so much in store

Hold on to me when you think you're sinking
Run to me when it feels like you can't go on
My dear, cry to me when life's unfair
Your voice is the sweetest sound to my ear
Just look to me when you can't see clearly
Don't be afraid when you feel my spirit near
My dear, be still and know that I am here
I've always loved you and I always will

I've never taken my eyes off of you
I hold your hand in every trial that you go through
You've never been alone (you've never been alone)
I carry you through all the highs and the lows
So don't let go now, there's so much in store

Hold on to me when you think you're sinking
Run to me when it feels like you can't go on
My dear, cry to me when life's unfair
Your voice is the sweetest sound to my ear
Just look to me when you can't see clearly
Don't be afraid when you feel my spirit near
My dear, be still and know that I am here
I've always loved you and I always will

Be still my love when it's too much to bare
And know that I'll always be there
I hear you when you call my name
I am the answer you've been searching for
I'll be your refuge, your shelter from the storm
I am everything you need and more
Oh, I loved you before you were born

Hold on to me when you think you're sinking
Run to me when it feels like you can't go on
My dear, cry to me when life is unfair
Your voice is the sweetest sound to my ear
Just look to me when you can't see clearly
Don't be afraid when you feel my spirit near
My dear, be still and know that I am here
I've always loved you and I always will
