Milkman

Barry Greenfield

Dont dare might have some nerve
My time is blazing . I am disparate
I am disparate
I am disparate
With your eyes
He is my milkman
He is . got a symptom
I am disparate
I am disparate
I am disparate
I am disparate
I am disparateI am disparate
I am disparate
I am disparate
. morning he comes
Eyes can see through
There is hole
. gives it to you
I can see it .
