

Today's Teardrops

Gene Pitney

Today's teardrops are tomorrow's rainbows
And tomorrow's rainbows I will share
Share with you
So dry your eyes little girl, dry your eyes
We're gunna see skies of blue
Had a tough time gettin' started
Maybe just a little downhearted
All you gotta do is count to ten
Baby you'll be smiling when

Today's teardrops are tomorrow's rainbows
And tomorrow's rainbows I will share
Share with you
So dry your eyes little girl, dry your eyes
We're gunna see skies of blue
Gonna be just love and gladness
Don't wanna hear nothin' 'bout sadness
Come a little closer, come to me

With each kiss you're gunna see
Today's teardrops are tomorrow's rainbows
And tomorrow's rainbows I will share
Share with you
So dry your eyes little girl, dry your eyes
We're gunna see skies of blue
Gonna be just love and gladness
Don't wanna hear nothin' 'bout sadness
Come a little closer, come to me
With each kiss you're gunna see

Today's teardrops are tomorrow's rainbows
And tomorrow's rainbows I will share
Share with you
So dry your eyes little girl, dry your eyes
We're gunna see skies of blue
So dry your eyes little girl, dry your eyes
We're gunna see skies of blue
