

# Finer Feelings

Kylie Minogue

The finer feelings, the finer feelings  
You can't give to me  
Anything, I couldn't get for myself  
I have needs as much as any man  
And I understand the feelings well  
I can still have a true heart  
With a free mind  
A good life  
With a good time  
But what is love  
Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love  
Without the finer feelings  
I get passionate, just like you  
But I have a little self-control  
You just show your selfish attitude  
Your emotion leaves me cold  
I can still have a true heart  
With a free mind  
A good life  
With a good time  
But what is love  
Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love  
Without the finer feelings  
The finer, the finer  
The finer feelings  
It ain't love  
(The finer)  
(The finer)  
(The finer feelings)  
Feelings  
But what is love  
Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love  
Without the finer feelings  
But what is love

Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love  
Without the finer feelings But what is love  
Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love  
Without the finer feelings But what is love  
Without the finer feelings  
It's just sex  
Without the sexual healing  
Passion dies  
Without some tender meanings  
It ain't love
