

OK OK

Juliana Hatfield

Why you asking?
That's the last thing
Untrusted, not busted
What, what, what, what, what, what, what, whatWhat a cheap shot; I did not
Just believe it, just leave it
Shut up, shut up, shut up
Shut up, shut upOkay, okay, whatever you say
Okay, okay, I did it, but I didn't
Okay, okay, don't make me get crazy
Okay, okay, okay, okay, okay, okayForget it, regret it
Imagining not the real thing
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
