Dental Care

Owl City

I brush my teeth and look in the mirror And laugh out loud as I'm beaming from ear to ear I'd rather pick flowers instead of fights And rather than flaunt my style I'd flash you a smile of clean pearly whitesI've been to the dentist a thousand times So I know the drill, I smooth my hair Sit back in the chair But somehow I still get the chills"Have a seat", he says pleasantly As he shakes my hand and practically laughs at me "Open up nice and wide", he says peering in And with a smirk he says, "Don't have a fit This'll just pinch a bit", as he tries not to grinWhen hygienists leave on long vacations That's when dentists scream And lose their patience Talking only brings the toothaches on Because I say the stupidest things So if my result goes south I'll swallow my pride with an Aspirin And shut my mouthGolf and alcohol don't mix And that's why I don't drink and drive Because good grief, I'd knock out my teeth And have to kiss my smile goodbyeI've been to the dentist a thousand times
